

INTEGRITY PACT (IP)

Integrity Pact is a tool aimed at preventing corruption in public contracting developed by Transparency International (TI), an international NGO. The Integrity Pact is an agreement between the Principal and bidder for a public contract, binding both parties to ethical conduct. It contains rights and obligation to the effect that both sides will be transparent in their dealings, that neither side will pay, offer, demand or accept bribes, that bidder will not collude with competitors to obtain the contract, etc.
